OUR CHEERLEADERS

The perverse attitude of our cheerleaders this year has cost us our ECIC title.

Cheerleaders are supposed to lead the crowds into chants, and excitement; to raise the morale of the crowd, as well as the team. But along with their superficial spirit, there were their sullen faces!

We saw them, and the team, obviously, did also. There was no encouragement on their part, whatsoever!

They stood on the sidelines, as the crowd began, and ended with their own cheers, with no help from the cheerleaders. When the crowd subsided, they tried to decide on a cheer to do, with no predetermination.

How can our school spirit be boosted when those who stand for spirit are so inept?

I, in representation of the student body, sincerely hope that the cheerleader tryouts will prove fruitful in providing for our school better and more efficient leaders for our athletic events.

Debbie Napora

LONELINESS

if we were one
perchance we may still be alone
for if we seek the same
our lives are drought.

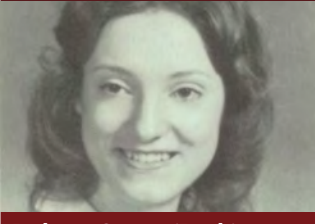

listen within
hear thy own thoughts
dream for the pleasure
of them not turning out.

Deb Makarski

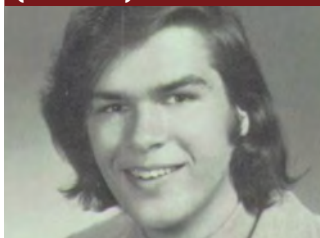

I know that a lot of you feel that S.A.C. hasn't done too much lately. But, until someone- anyone- starts to take a little interest in what is going on in this school, we might as well be working in a totalitarian state, run by teacher's and the Board. But, I don't think that this is what you really want. Or is it?

Angie Cassidy

Life is good and I am blessed to have the good health that allows me to enjoy it.</p> <p>Relatable memories: Embracing warm papers fresh off the ditto machine that smelled like bananas (Sopata's class), going to the rifle range for air raid drills, using every excuse imaginable to get out of swimming (Weisinger was ready to refer us to gynecological oncologists!), trying to look through the locker room to pool doors when the guys were swimming (not me!), school dances (especially Big Wheelie and the Hubcaps), football and basketball games, "geometry is a colorful subject" (Obark), the stink in Powell's biology room from doing dissections, Chemistry and understanding the Periodic Table with Evans' Boston accent, Mary Pillar's music teaching attempts with our relief and appreciation for Minnie Shriver to still direct Young Folks, walking across Union Rd to the little pizzeria at the corner of the IDS plaza, walking to the Showcase Restaurant from musical rehearsals, and waiting three years to become seniors only to realize we missed having upperclassmen in our midst. So many memories ...</p> |
